

Undergraduate Student Code of Ethics

MSE students shall:

1. Continuously endeavor to obtain the knowledge and skills necessary for sustainable improvement and for the pursuit of a successful career in the profession.
2. Conduct themselves in a manner such that the title of “Engineering student” continues to hold its high esteem.
3. Not access, remove, or destroy any information, materials, or other property from another student's or student organization's premises, locker, computer files, or mail box without prior permission.
4. Be actively concerned with the health, safety, and welfare of themselves and other students and faculty when working in laboratories and other potentially harmful situations.
5. Properly cite any sources or references that were used in preparing a paper, lab report, presentation, take-home exam, etc., in accordance with UT Honor Code.
6. Use the actual collected laboratory data in a lab report and consult the instructor if the data seems erroneous or if the procedures/calculations are not understood.
7. Equally contribute to team projects and papers, and notify the instructor when a student has not carried his part of the team.
8. Respect the faculty, while maintaining an acceptable relationship.
9. Accept responsibility for any consequences that may occur from not adhering to this code of ethics.
